EXPERIENCE

Intern | Xelwel Innovative Pvt Ltd

Contributed to real-time projects by developing APIs, assisting with data migration, and optimizing system features. Gained hands-on experience in both front-end and back-end development, working with PHP, Laravel, and MySQL.

PROJECTS

Content Management System (CMS) with Multi-Auth

- Developed a CMS with multi-authentication functionality using Laravel (back-end) and React.js (front-end).
- Implemented role-based access control to efficiently manage different user roles and permissions.

ECommerce Tech Website

- Created a fully-featured e-commerce platform for a tech business using PHP, Laravel, and MySQL.
 - Designed and implemented the back-end system for user authentication, product management, and payment integration.
-
